Tired of servicing your tool too often? Interested in having a faster production line? Do you want to have high operator comfort? Don’t look further... We have designed the new PTI Pulse Tool with your needs in mind!

The PTI will reduce your total cost of ownership and give you increased value. Here’s how: it reduces the need of maintenance, it improves the production quality and throughput, and it is designed with superior ergonomics.

1 Up to 5 times longer tool uptime, depending on application.
Excellent ergonomics for the operator

... to reduce work related costs due to operator fatigue and injuries

Faster production

... with our TorqueBoost®. The torque built-up is even faster, giving you reduced hours per production unit

Longer time between service

... with our DuraPulse® technology. The PTI will be your new work horse that reduces the need of maintenance

Improved quality

... with a more robust and stable shut-off mechanism

Optimal performance

... throughout the lifetime of the tool with the right startup and maintenance

Good for you, your operators, and for your company’s business
Ergopulse PTI

Commited to sustainable productivity.
We stand by our responsibilities towards our customers, towards the environment and the people around us. We make performance stand a test of time. This is what we call – Sustainable Productivity.
