

Atlas Copco

## Accurate Air Engineering – Your Local Air and Gas Specialist

From October 2019, Accurate Air Engineering is a Factory Direct Branch of Atlas Copco Compressors. We are proud to have been serving customers across the region since 1961. We can't wait for the next chapter in our history.

The great people you work with day-to-day will not change. In addition, we will offer increased capacity, new digital tools and an enhanced support network – ensuring the efficiency of your operations. Every move we make will be made with your business at the center of our thinking.

### **Our promise to you is we do more. What does that mean?**

Simply, we go further, bringing innovation to every aspect of our offering to you – and that extends way beyond products. Every compressor, dryer, vacuum pump, blower, and gas generation system that's sold with our name on it comes with this promise. We innovate in focused areas where we are confident we can provide a complete solution that has the

lowest cost of ownership, maximizing efficiency and, most importantly, offer a complete, customized service package that is second to none – including remote monitoring and auditing services.

We want to be your partner. Let's work together to find your savings level or productivity number and develop a plan to achieve it. Our promise to you is we do more. And, together with you – we are more!

**We look forward to serving you long into the future.**
